- The foundation, as a building has the foundation, which is not seen, but without it falls, it will not last.

- It establishes the guidelines of the church and its ministries.

Chemistry of Children's Ministry

Family / Parents

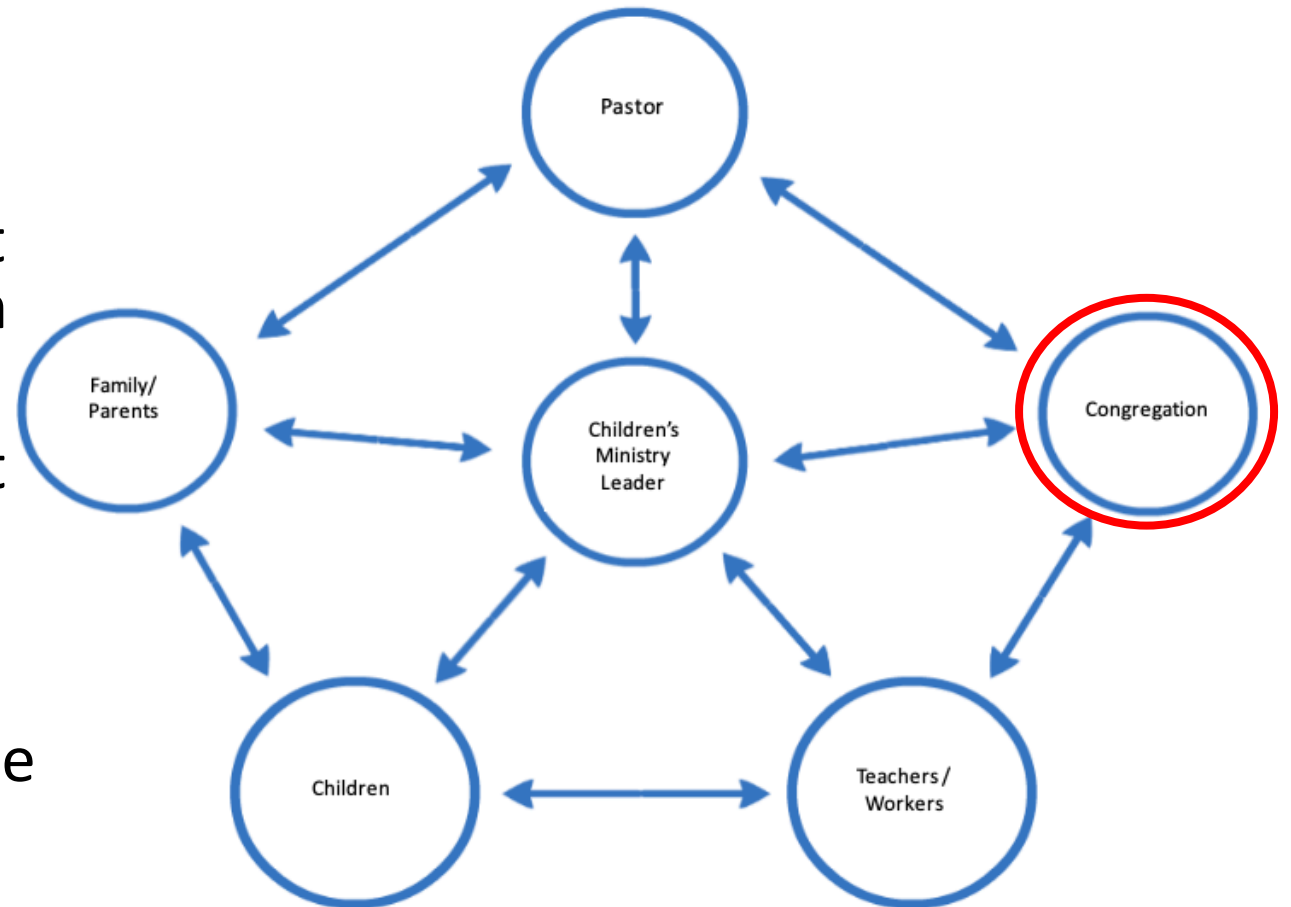

- What is a family? (your family, the families represented in the church, the biblical family, the family of the community)
- Parents have the primary responsibility for the formation of their children.
- The church/kid min collaborates with parents - one of our main tasks.
- Is there a coordination in the spiritual formation of children with their parents?
- We must invest in parents to equip them to take the spiritual responsibility of their children.
- Find how to involve parents in children's ministry.

Chemistry of Children's Ministry

The Congregation

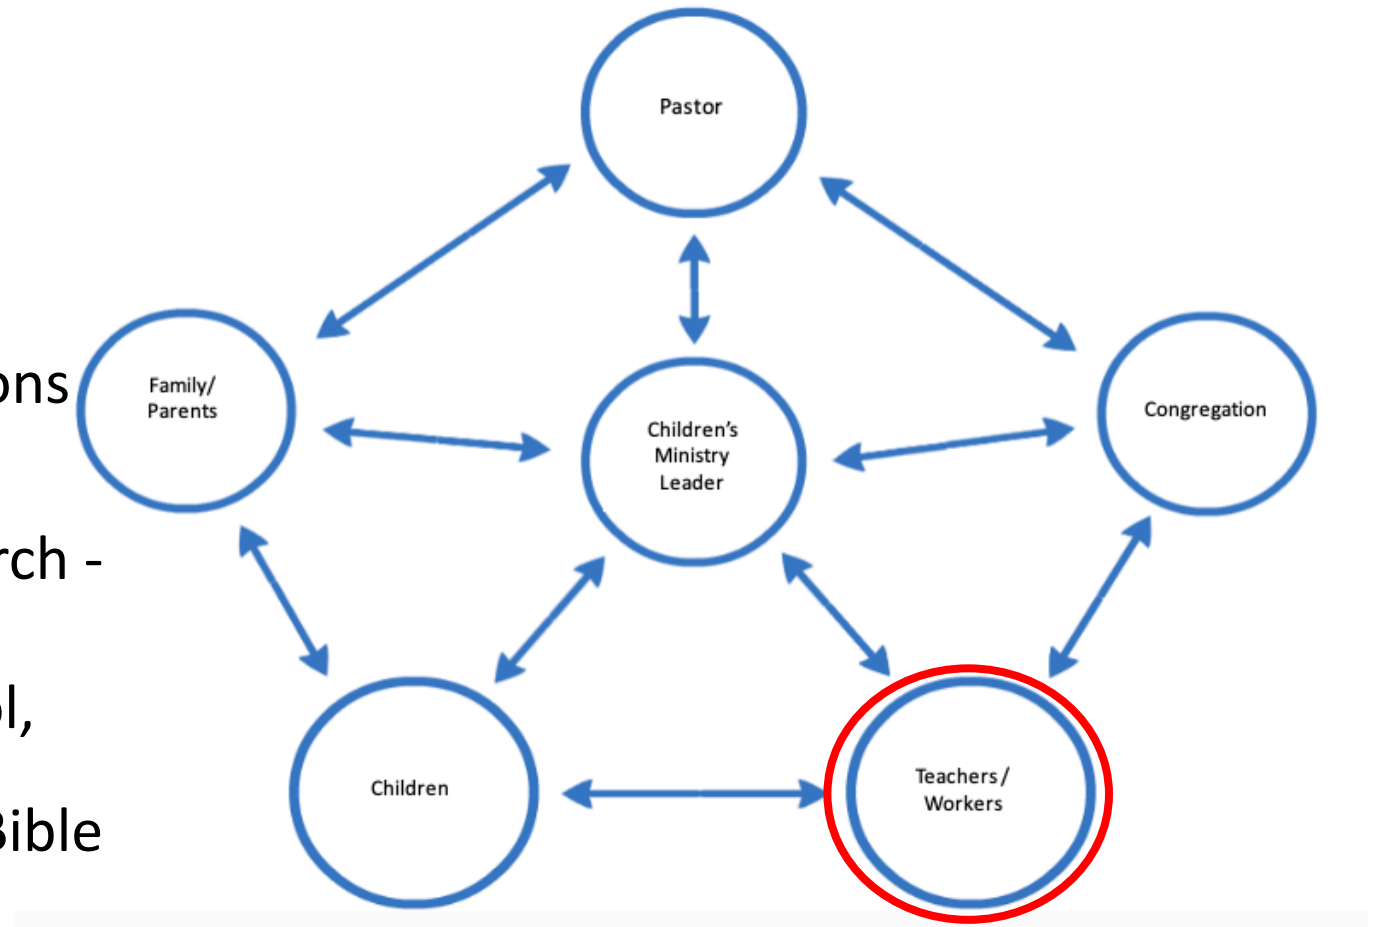

- It is the Christian community that influences the lives of children (in church, visiting, outside).
- The children are part, already but they will be the leaders of tomorrow.
- (How are children involved in the congregation? What forms may be involved?)

Chemistry of Children's Ministry

“Teachers” – workers

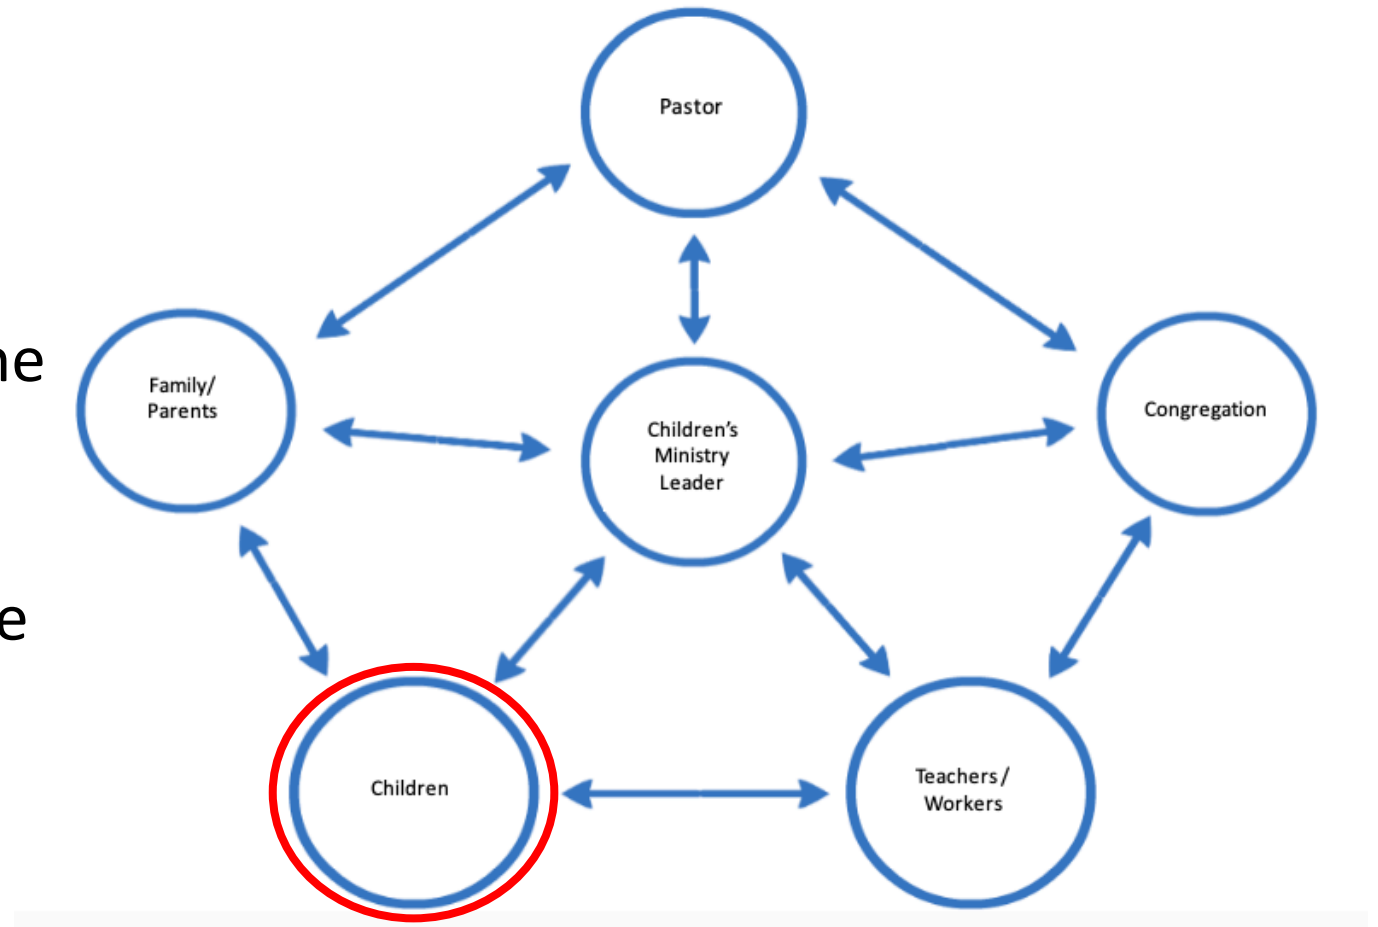

- Called - by God, for leadership
- Qualified - requirements, defined process, explanation of expectations
- Trained - Basic and Continuous
- “Pastor” of children from the church - relationships
- Methods vary a lot: Sunday School, Children's Church, Royal Rangers, Bible / Growth Groups, Vacation Bible School, Camps, etc.

- 0 to 14 years (Window 4/14)
- Spiritual beings with the capacity to sin then be saved, filled with the Holy Spirit, show the Fruit of the Spirit and be used in the gifts of the Spirit
